

Minutes

Thunder Bay Amateur Radio Club Technical Committee

November 10, 2014 1:30 PM

Technical committee members in attendance:

Hugh, KD8OVZ

Dick, W1UP

Jerry, W8KQ

Glenn, WK8P

The following items were discussed:

- The clubs Kenwood setup consisting of TS-430S, MC-85 microphone, AT-250 antenna tuner and a PS-430 power supply needs to be used to keep in good working order. It was decided to make the whole set up available to any club member to use so they can get on HF.
- The club trailer was discussed and it was decided to evaluate the equipment and trailer and dispose of the equipment that is not viable to the club and to find another storage area for the needed equipment.
- The Memorandum of Understanding that John Walters had sent was discussed, and it was unanimously decided to table the MOU and take no action on it.

Meeting was adjourned at 2:40 PM

Dick, W1UP
