This meeting was more of a discussion session that included the following topics:

- W1UP commented on WD8DX's comment that our coffee net had a good number of check-ins. We are probably getting some people who just listen on scanners as well as young people from the general public. W1UP reminded everyone that are more people listening not just the hams who in a QSO.
- WK8P reviewed the club's finances.
- There was lots of discussion helping the new hams get set up.
- We watched a RSGB video, *Amateur radio - a 21st Century hobby* on different aspects of the Amateur Radio Hobby. The links for this and a couple of others will be posted on the web site under the "Links" tab.
- It was good to have the guests attend and participate in the discussion.

We finished at about 8:10 PM.
